

CLEMATIS PLANT NAMED  
'Evipo019'

ABSTRACT OF THE DISCLOSURE

A new *Clematis* cultivar which is well suited to propagation in glasshouses. 'Evipo019' flowers readily as a young plant, has a compact growth habit, profuse, violet blue flowers, and continuous summer flowering. The variety successfully propagates from softwood cuttings and is suitable for cultivation in commercial glasshouses. This new and distinct variety has shown to be uniform and stable in the resulting generations from propagation.
